For the Citizens of Carmel

Volume 3 • 2009

Carmel's Residential Taxes are Headed Down

The state made a change in policy to lower residential taxes and raise commercial taxes. This was done by raising all rates but offsetting the increase to homeowners with a large deduction. Even though most homeowners' rates increased, the taxes actually paid have gone down as a result of the deduction.

Had the state not made this shift in the tax burden from residential to commercial, Carmel's budget would have caused roughly a one percent decrease in taxes.

The Mayor's office has received some calls from residents concerned about the tax rates heading up. "I have had a lot of questions about how rates can go up but taxes can go down. It is important to explain that the state's 35 percent deduction given to most homeowners makes this possible," said Mayor Jim Brainard. (see chart)

The amount of revenue that Carmel is receiving is roughly the same regardless of the changes made by the State. The only increase in revenue came from newly constructed or remodeled homes and businesses.

"The key is that government did not grow except to provide services to new residences and businesses," said Mayor Brainard.

Carmel also compares well to other neighboring communities. (see housing comparisons)

Keystone Parkway

136th Street:

Keystone Parkway is now open to thru traffic between 131st Street and US 31. In addition, the southbound left turn lane at US 31 and Range Line Road that was closed as part of this project is also open. However, 136th Street access to Keystone remains closed until the completion of the project in early August.

During the next several months, construction will continue at 136th Street on the overhead bridge structure as well as the on/off ramps. Temporary lane closures during the day along Keystone Parkway should be expected until the

Mayor Jim Brainard

A Message from the Mayor

Summer is in full swing at the City of Carmel! We kicked off the season with ribbon cutting celebrations at the 106th and 126th street roundabout interchanges on Keystone Parkway. Citizens can more safely walk, bike, or drive across keystone at these new interchanges to the exciting events coming up in these summer months. Phase two of the project is moving forward at 136th and 116th Streets.

Two of our most anticipated events, CarmelFest and Rock the District, are also coming up soon. Mark your calendars for these exciting attractions. CarmelFest begins on July 3rd at noon and continues through the evening of the 4th. Rock the District trails shortly after on Saturday, July 11th. July in Carmel presents individuals and families with many opportunities to get involved!

Also, in late July is the U.S. Senior Open. The City welcomes all volunteers and participants who are involved. Carmel's prized Crooked Stick Golf Course, the location for this event, has had the honor of previously hosting eight other professional championships.

However, the best news of the summer is that Carmel residential taxes are heading down. I hope you take a moment to read the cover story which explains this issue in more detail.

Please feel free to call or email us with your questions, concerns and ideas for making Carmel the best place to live, work and raise a family.

Very Truly Yours,

Jim Brainard

Mayor Jim Brainard

Power Transmitter to Expand its Carmel Operations

Midwest Independent Transmission System Operator (Midwest ISO), a bulk power transmitter, announced at a press conference in June that it will expand its operations here in Carmel, creating nearly 70 new jobs, with an average salary of $85,000, by 2014. The company, which distributes power throughout North America, will invest approximately $110 million to upgrade equipment at its Carmel headquarters.

"We are proud Midwest ISO is a member of our corporate community and we are extremely pleased that the company has decided that Carmel is the best place to grow their business," said Carmel Mayor Jim Brainard. "The high tech job opportunities offered at Midwest ISO are a good match for our highly educated workforce."

Midwest ISO, the first federally approved Regional Transmission Organization (RTO), currently employs 650 associates at its Indiana headquarters and plans to hire additional engineers and technicians later this year. Founded in 2001, the non-profit power wholesaler provides electric energy to consumers in 15 states and the Canadian province of Manitoba.

Mayor Jim Brainard shakes hands with John Bear, President and CEO of Midwest ISO at their press conference while Lieutenant Governor Becky Skillman and David Hadley, Vice President of State Regulatory Relations at Midwest ISO applaud.

Memorial Day

The City of Carmel held a Memorial Day Ceremony at the Carmel Clay Veterans Memorial Plaza on the Friday before Memorial Day. The ceremony included remarks by Mayor Jim Brainard, the Pledge of Allegiance led by Carmel Clay Township Trustee Doug Callahan and keynote speaker, Andrew Gothreau, a retired U.S. Army Colonel and graduate of West Point.

Teams of students from Carmel Clay middle schools participated in a flag raising ceremony and placed flowers at the Memorial to commemorate all military veterans. Patriotic music at the ceremony was provided by Carmel Elementary music teacher, Cynthia Ensign Baney. Members of the local American Legion and Veterans of Foreign Wars (VFW) posts also attended the ceremony. The City will continue to have a Memorial Day Ceremony on the Friday before Memorial Day on an annual basis.

Keystone Parkway — *continued from cover*

completion of the project. Police officers will be on hand at that time to help facilitate the lane closures.

By allowing the full closure of Keystone at this interchange, the City saved approximately $640,000 in construction costs and accelerated the construction schedule to allow for the interchange to be open prior to the start of the 2009 – 2010 school year.

106th and 126th Streets:

Ribbon cutting celebrations were held at the new roundabout interchanges at 106th and 126th Streets on Keystone Parkway. The ribbon cutting events were intended to thank the area's residents, churches and schools for their patience and support during the construction of these important projects.

"The goal of this project has been to create a safer, more efficient roadway that better connects the east and west sides of Keystone. We are already seeing a reduction in the more than 200 accidents that have typically occurred each year along Keystone. Many Carmel residents and commuters have called or emailed me to say they are enjoying the new roundabouts and that it was definitely worth all the effort," said Mayor Jim Brainard.

99th St. and 98th Streets:

Long anticipated changes to the intersections of 99th Street and Keystone Parkway have taken place now that the 106th Street roundabout has opened. These adjustments have been made as part of the Keystone Parkway renovation for the safety and overall efficiency of the roadway. The 99th Street intersection at Keystone Parkway has been converted to a right in/right out condition on the west side of Keystone and has been closed on the east.

> *"We are already seeing a reduction in the more than 200 accidents that have typically occurred each year along Keystone."*
> *Mayor Jim Brainard*

At the present time, the 98th Street intersection will remain as it is today. Once improvements are made to the 96th Street intersection, the traffic signal at 98th Street will be removed and converted to a right in/right out condition for both the north and southbound Keystone Parkway traffic.

This three-year project will lower the grade of Keystone Parkway under six major interchanges along the five-mile stretch. When completed, the north-south traffic on Keystone Parkway will be free-flowing with no traffic lights between 96th Street and 146th Street, and tear-drop shaped roundabouts will manage the east-west traffic flow across new bridges over Keystone.

Carmel Fire Department News

Research Burns

Working closely with the Indiana University Firefighter Health and Safety Research Program, Carmel firefighters trained in seven controlled fires throughout the week of June 1-7. The Institute for Telecommunication Sciences (ITS) also recorded all of the fires on film for use in creating minimum standards for video and audio used in public safety applications.

The goals of the IU Firefighter Research Program are to reduce line of duty deaths in the US Fire Service, help develop a healthier firefighting force, and increase the longevity of retired firefighters. Through controlled fires, the program is able to study the physiological and psychological demands of firefighters as well as define the hazards posed by hydrogen cyanide and carbon monoxide gases.

Grant Awarded

The Carmel Fire Department can keep in shape with the assistance of a $135,104 Assistance to Firefighters Grant awarded by the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA). The grant will be used toward the department's Wellness and Fitness Program, which will be modeled after the National Wellness/Fitness Initiative Program sponsored by the International Association of Firefighters and the International Fire Chiefs Association.

"Our firefighter's better health and fitness directly relates to public safety by firefighters being more capable of physical stamina and endurance during an emergency. Physical conditioning is just as important as operations training for firefighters."

Chief Keith Smith,
The City of Carmel Fire Department

Firefighter Graduates

The Carmel Fire Department graduated six new firefighters at the Mayor's official swearing in ceremony on April 16th, 2009.

Pictured left to right front row: Joshua Haus, Brian Hutchison, Lucas Ray, Trent Watts, Scott Woodburn, and Kevin Young.

Middle row: Mayor Jim Brainard, Carmel City Councilor Ron Carter, Carmel City Councilor Kevin Rider, Assistant Chief Dave Haboush and Carmel Clay Township Trustee Doug Callahan.

Back row: Bruce Knott, Chief Keith Smith, Dave Hoffman and Assistant Chief Jeff Steele.

Law Enforcement Memorial

In May, Assistant Chief Tim Green facilitated the 28th Annual Hamilton County Law Enforcement Memorial Service, which honored those who have made the ultimate sacrifice in the line of duty. Officers across the state of Indiana attended the service, including Chaplain Brian A. Phillips, LaPorte City Police Department, and Chief Tom Garoffolo, Lebanon Police Department, who dedicated songs to those who have passed. Students from College Wood, Mohawk Trails, and Towne Meadow elementary schools also added to the musical program. The Indianapolis 500 Gordon Pipers accompanied the mixed agency honor guard and color guard, while "Taps" was performed by Carmel High School students Sam Eagleson and Kyle Borcherding. Prayers were offered by Jennifer Nicholson who sang "Our Father" and Carmel Police Chaplin George Davis who delivered the benediction. Every year, Hamilton County Law Enforcement agencies take time to remember fallen officers and their families for all they have given to the community.

Above: *Mayor Jim Brainard reads a proclamation to Police Chief Mike Fogarty at the Memorial Service.*

Right: *Honor Guard for the event represented multiple Hamilton County law enforcement agencies.*

Former Mayors' Portraits

Ceremonies were held to unveil the third and fourth in a series of oil portraits of the former mayors of Carmel.

Dottie Hancock, Carmel's third mayor, helped unveil her portrait on May 21, 2009. She served one term from 1988 – 1991.

Family and friends gathered June 8th, 2009 to celebrate the portrait unveiling of the late Ted Johnson, Carmel's fourth mayor who served from 1992 – 1995.

The portrait of Carmel's second mayor, Jane Reiman, was unveiled on May 27, 2008 and the portrait of Carmel's first mayor, Al Pickett, was unveiled on August 14, 2008.

Kneeling, Left to Right:
Patsy (Johnson) Brock, Ed Johnson, Megan Slamkowski, TJ Slamkowski, Sandy Johnson, Anne (Johnson) Slamkowski, Kate Slamkowski

Standing, left to right:
Sadie Brock, Mike Rundle James Rundle, Bob Brock, Jenny (Johnson) Rundle, Logan Brock, Grady Brock, AFA Cadet Nolan Brock, Jerry Johnson, Nyla Johnson, Pete Slamkowski

Former City of Carmel Director of Utilities Jim Doughtery, former City of Carmel Department of Community Services Director Wes Bucher, and former Carmel Police Chief Gary Barney helped unveil the portrait of former Carmel Mayor Dottie Hancock.

Share Your Ideas with the Carmel Plan Commission

The Carmel Plan Commission will be holding a second public hearing on a proposal to add the Carmel SmartCode to the Carmel Zoning and Subdivision Regulations and they want to hear from you. Community feedback was great at the first meeting which took place June 16th. If you missed that meeting, then be sure to attend the upcoming Carmel Plan Commission meeting, Tuesday, July 21st at 6 p.m. in the City Hall Council Chambers, because your opinion matters.

The SmartCode is a form-based unified land development code which folds together zoning, subdivision regulations and urban design standards into a more compact and graphically illustrated document than traditional zoning ordinances. It emphasizes walkable neighborhoods by prescribing lot widths, building setbacks, building heights, size of blocks and the placement of buildings and parking lots. The SmartCode is proposed to be applied to Carmel's central area, specifically the area north of 116th Street, bounded by US 31 and Keystone.

For more information see www.carmelsmartcode.com or contact the City of Carmel Department of Community Services at 571-2417.

Census 2010

The 2010 Census is coming soon and preparations are in full swing. Activities, started earlier this year to lay the groundwork for the nationwide effort to count everyone residing in the United States, are visible across the country. 2010 Census data will be used by members of Congress to make decisions regarding the allocation of more than $300 billion annually in federal funds. Representatives were in the Carmel area in April and May and will continue gathering information throughout the year. Read below to learn How to Identify a Census Field Representative.

If you are visited by someone from the United States Census Bureau, here are some RECOGNITION TIPS to assure the validity of the field representative:

- Must present an ID Badge which contains: photograph of field representative, Department of Commerce watermark, and expiration date.
- Will provide you with supervisor contact information and/or the regional office phone number for verification, if asked.
- Will provide you with a letter from the director of the Census Bureau on U.S. Census Bureau letterhead.
- May be carrying a laptop and/or bag with a Census Bureau logo.

Preliminary residential canvassing has ceased until January 2010, but early group quarters canvassing will begin in July and last through the end of 2009. Group quarters include schools, retirement homes, military bases, etc. Please be aware that although census workers will not be canvassing individual homes, they will still be around the community enumerating in group quarters.

When in doubt about an authorized census worker, please call the Chicago Regional Office for verification at 1-800-865-6384. Office hours are Monday through Friday, 8:00 a.m. - 5:00 p.m., Central Standard Time.

If you are interested in working for the 2010 Census, call Carmel's local office at 317-616-4700.

FCC Help Line Contact Information for the Digital Transition

All television stations went digital on June 12th. If you rely on antennae reception instead of cable or satellite services and have not already taken steps for the transition, the FCC provides four simple steps to complete the transition:

1. **Get a converter box coupon – http://www.dtv.gov/; call the FCC directly at 1-888-225-5322 to give them a mailing address and receive a coupon by mail**
2. **Purchase a converter box – available at electronic retailers across the country**
3. **Install a converter box**
4. **Fix reception problems**

For more information on the digital transition, please visit http://www.dtv.gov/. If problems occur, please call the FCC Digital Transition Community Help Center at 1-877-388-4968.

Monon Greenway is Designated as a Hall of Fame Trail

The national Rails-to-Trails Conservancy, a Washington D.C.-based organization, is recognizing exemplary rail-trails around the country for induction into its Rail-Trail Hall of Fame. Every month, a new trail is chosen on merits such as scenic values, trail and trailside amenities, historical significance, excellence in management and maintenance of facility, community connections and geographic distribution. The entire Monon trail won March 2009. The Monon boasts one of the highest usage rates for any trail in the nation, with over 3 million annual visitors along its 15-mile length through Carmel and Indianapolis. Award signage for the trail, coverage in Rails to Trails Magazine, and a special feature on the conservancy's website are part of the winning promotion package. Carmel is excited to be a part of this honor!

Carmel Receives LED Grant

The City of Carmel will save $72,000 a year by switching 800 street lights from standard bulbs to LED bulbs. This project is being funded by the Energy Efficiency Conservation Grant that the Carmel Street Department received from the Department of Energy as part of the Stimulus Package. Carmel was allocated $633,000 for this project.

Regional Performing Arts Center Update

In the photo, you can see the structure of the Concert Hall taking shape. In addition to the Concert Hall, the Regional Performing Arts Center will include a 500-seat multi-purpose Drama Theatre in a separate building located just south of the hall, across from the green that will include an outdoor amphitheatre.

The Concert Hall is located at the southeast corner of City Center Drive and 3rd Ave. SW and is designed with extremely high quality acoustics. It will be home to the Carmel Symphony Orchestra and provide a venue for a variety of musical performances.

To watch construction, click on the link to the video camera on Carmel's home page. There is also a very intriguing time-lapse video available for viewing as well.

The Concert Hall is scheduled to open in the fall of 2010.

Farmers Market

Connecting with Carmel

With hosts Jeff Worrell & Stephanie Lewis

Tune into Carmel's local Government Access Channel 16 several times throughout the day for the City of Carmel's Monthly News Show.

CGC16

You can also watch your favorite edition of Connecting with Carmel any time on line at www.carmel.in.gov.

CarmelCan!

CarmelCan! is seeking volunteers to help various not-for-profit organizations and assist with exciting events in Carmel. CarmelCan! is a volunteer initiative created by Mayor Jim Brainard that was launched in 2004 to recognize and coordinate community volunteers. Through this initiative, citizens looking for community involvement are matched with organizations that need volunteers.

Volunteers' efforts do not go unnoticed. Each month, "Connecting With Carmel" co-host Jeff Worrell spotlights Carmel volunteers on the show in order to recognize their contributions to the community. Worrell also writes a weekly column for the "Current in Carmel" about volunteers in the community.

Current and upcoming volunteer opportunities include:

- Carmel Farmer's Market
- CarmelFest
- Rock the District
- International Arts Festival
- Carmel Clay Parks Department
- Carmel Clay Public Library
- Carmel Symphony
- Community Caring Foundation
- Meals on Wheels
- Inspirations of Hamilton County

Rotary members Donna Tutwiler (L) and Gail Bardach (R) volunteer at CarmelFest.

If you are interested in joining CarmelCan! efforts, please contact volunteer coordinator, Rosemary Conard at (317) 814-1111 or rconard@carmel.in.gov. Organizations looking for volunteers are also encouraged to contact Rosemary to be included on the CarmelCan! network.

Additional opportunities are listed on the CarmelCan! website, **www.carmelcan.com.**
