A Message from the Chief of Police

On behalf of the dedicated, professional men and women of the Carmel Police Department, I want to thank you for your interest in our 2014 Annual Report. We are a progressive department and we constantly strive to provide a level of public safety services that our community both expects and deserves.

For those of you who are not familiar with the history of our fine city, I would like to share with you a bit of background. The City of Carmel is located in southern Hamilton County just to the north of Indianapolis. Carmel is a vital, established community with exceptional schools, a thriving business community, and beautiful family-oriented neighborhoods and parks.

Originally founded in 1837 as Bethlehem, the town's name was later changed to Carmel. Beginning with the families of four farmers, Carmel has grown in population to over 85,000 and encompasses approximately 48.5 square miles.

The Carmel Police Department is comprised of 113 sworn officers and 24 civilian support personnel. As an internationally accredited law enforcement agency, the department meets the challenge of providing quality law enforcement services to the community.

Again, thank you for your interest. If there is anything that our department can assist you with in the future, please do not hesitate to contact either myself or any member of our staff.

Chief of Police

He previously served as Commander of the Special Investigations Division and as Assistant Chief of Police. Patrol Officer Functions

Patrol officers are tasked with maintaining a constant presence within the community by maintaining routine patrols within city limits. Officers also respond to calls from the public for assistance, both 911 emergency and non-emergency. Additionally, while on patrols, officers initiate a variety of activities including traffic stops, investigating suspicious persons and vehicles and security checks of local businesses.

Assist and Protect the Public

Officers assist the citizens of Carmel by providing a host of services including providing business and residential welfare and security checks as well as providing money escorts for businesses. Enforce State Laws and City Ordinances

Officers are tasked with enforcing all applicable state and local laws. These include criminal and traffic laws established by the Indiana State Legislature as well as ordinances passed by the Carmel City Council. The enforcement of traffic and parking laws is a large part of the responsibilities of the patrol officers. They also perform preliminary investigations into possible criminal acts that occur within the city.

Crime Prevention, Detection and Deterrence, Crime Investigation

Officers continually assist in educating the public regarding crime trends as well as potential threats to the public's welfare. When crimes do occur, officers perform the initial investigation into the facts of the incident, collect evidence, interview witnesses, create reports and assist in making apprehension of offenders.

Investigating Traffic Accidents

Patrol officers are also tasked with investigating traffic accidents that occur within the city limits. The majority of these accidents are property damage accidents for which officers create reports. Less often, but more importantly, officers investigate accidents that involve serious injuries and fatalities.

The Operations Division is comprised of various specialty units:

Accident Investigation and Reconstruction Unit

The Carmel Accident Investigation (AI) team consists of specially-trained officers who respond to and investigate all fatal accidents as well as accidents that result in serious bodily injury.

Operations Division (continued)

Traffic Unit

Community Service Officer

The Community Service Officer assists with the enforcement of animal control, certain ordinance violations and a number of other community service functions.

K-9 Unit

This unit greatly enhances the ability to detect illegal drugs as well as locate and apprehend criminals. Carmel's police K-9's are trained for tracking, building/area searches, criminal apprehension, drug searches and crowd control. In 2014, the Carmel Police Department acquired it's first dual purpose K9 with training in both apprehension and tracking as well as explosives detection. This dual purpose Explosive Detection Dog (EDD) is one of very few located in Central Indiana.

In 2014, police K-9 units responded to 5,463 calls for service, completed 107 arrests and initiated/assisted in 1,802 traffic stops.
