Mr. Jeff Worrell
City of Carmel
City Council President

RE: Designated Parking Areas

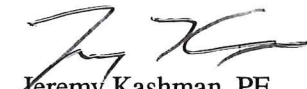

Dear Mr. Worrell:

I would like to ask the Carmel City Council to place an item into Committee for discussion on modifying City Code to set parking requirements in certain areas of downtown. The areas that I would like to specifically discuss are as follows:

Main Street from 4th Avenue SW to 4th Avenue SE
Elm Street from 3rd Avenue SE to Range Line Road
Monon Boulevard from 6th Street to Main Street

As new development is set to open within the Midtown Area and the Arts and Design District it is important to revisit certain parking requirements. This will also set parking requirements on the newly constructed Monon Boulevard and Elm Street.

Very truly yours,

Jeremy Kashman, PE
Director of Engineering
