Setting Aside Funds For Out-Of-Pocket Maximums	You can put pre-tax dollars in an HSA to offset your out-of-pocket expenses; the City will also make a contribution on your behalf. Unlike a flex account, unused HSA funds can be carried over from year to year and go with you if you leave the City. The easiest way to make HSA deposits is through the payroll system. Contribution limits for 2018 are \$3,450 for an individual and \$6,900 for a family.	You can put pre-tax dollars in a flexible spending account to offset your out-of-pocket expenses. However, unlike the HSA, the City will not make any contribution on your behalf. Your total contribution is available on January 1 st of each year and funds do not roll over from year to year - any unused balance at year end will be forfeited. The maximum annual contribution to a medical flexible spending account is \$2,500.
Preventive Care	In-network preventive care is covered at 100%; smoking cessation, hearing exams and pre-approved non-surgical weight loss programs are covered as preventive services.
