

# ***WATER METER CHANGE-OUT***

The City of Carmel Utilities is in the process of replacing water meters across the community. Envocore - RTS Water Solutions has been retained to complete the work. We will be in your area changing out meters in the next TWO WEEKS. There may be a brief interruption of water service for a short period of time (15-20 minutes). A post-install door hanger will be left after install completion.

For questions, please contact Envocore -  
RTS Water Solutions at (888) 632-9628.
