

Dear Veterans,

I cannot thank you enough for everything you have done for us. You are the ones who give us our freedom. You are the reason we can wake up in the morning. You are the ones brave enough to fight for what we want not us. I even had 2 great grandpas who fought in World War II for my freedom no not my freedom everyone's freedom. They were the ones brave enough to fight the enemies and help keep us free to this day. You are our saviors. You are the ones we learn from about bravery. Most people take our freedom for advantage but I know we are very lucky that you can do this for us. Like I said earlier no one can thank you more than anyone but us. So when you are reading this just think of all the people you made happy with our rights. I thought of this when I was reading the book "The Giver" everyone in that book had no rights they didn't even have feelings, no war, no nothing everything was black and white. Who wants to live in a world like that. We all are very thankful you do this for us. I have something very special for you. When I started this I hit a road block but I knew when I was finished with this I wanted to put an Acrostic poem on it so here goes nothing

Victory over evil

Everyone loves what you do

Thank you, we give our love and support

Everything you do for us is your own story

Reality of war is sad

Always stand tall

Never stop thinking about love ones

THANK YOU for everything you do for us!

Sincerely,
